

# Winter Festival 2015

## REDUCE!!! REUSE!!! RECYCLE!!!

June 2015

Sustainability was the theme for this year's 2015 Queenstown Winter Festival and we thought we would put a mid-year Christmas theme spin on it. Over the past few months we have been very busy making Christmas decorations for our Zig Zag Zoo float, all made with the use of recycled materials that we collected from our homes and lunch boxes here at Zig Zag Zoo. We had a tremendous amount of fun making snow-men, bells and other Christmas themed crafts to decorate the tree (which was made in collaboration with Zig Zag Zoo Remarkables Park). On the day of the parade we marched proudly beside our glorious float, hand in hand with our friends, teachers and families. It was a wonderful experience and we had a fantastic day. To top off this wonderful community inspired event, we actually WON the 'BEST BUSINESS FLOAT' award, with a grand trophy for all our efforts. We are now continuing our learning about sustainability as we work towards reducing our little carbon footprints for now and the future.
