October 2017

This month we have been exploring Spring. We have watched our seeds sprout and then re planted them outside, the children are very involved in caring for them and watering the plants daily.

With this beautiful weather we are spending a lot of time outside, please remember to apply sunscreen in the AM and we will then re-apply at noon and as needed throughout the day. We are doing lots of water play also, please ensure there are plenty of spare clothes in their bag for this :)

Leanne is away on holiday at the moment in South Africa, when she returns she will be taking over Leadership in the Kindy room and Amy is now our new Team Leader in the Toddler room, Congrats Amy :)
