

## Infant/toddler room Newsletter

Date: Haratua-May

Kaiako: Jess

This past month the tamariki in the Infant/toddler room have been engaging in group times. The teachers have supported and facilitated small group activities such as reading books, dancing, baking and puppetry play.

The tamariki have really enjoyed these small group activities often requesting particular stories or songs! The toddlers have all been showing great listening, sharing, and communication skills.

We also welcome Seren and Harper to our room this month, we look forward to spending more time with you!
